Electronic Medical Records (eMARs)

Electronic medical records simplify and speed up the process of passing medications. For large med passes, you may experience time savings of over 50%. The system improves the accuracy of your med passes with alarms, warnings and improved communications.

- Simple and easy to use
- Direct link to pharmacy
- Communication vehicle
- No more paper MARs
- No more monthly recaps
- Management oversight during med pass remotely
- Variety of custom management reports
- Faster med passes
- Fewer med errors
- Less opportunity for “holes” in the MARs
- Reduced liability risk
- Staff retention/satisfaction
- Alarms for med reminders (i.e. follow up for prn's)
- Alarms to prevent missed meds
- Timely reordering of prescriptions
- Increased accuracy of medication administration
- Increased accuracy in record keeping
- Meet state regulatory documentation requirements
- Improved DHS survey compliance
