# Take the test when finished

- **Helpful hints to why it may not work....**
  - Each class is timed and if the staff doesn't spend enough time per slide, it will not proceed to test section
  - You must take the test from a computer that has a printer...in order to print the certificate when finished
  - If the staff does not pass the test, it will not print a certificate
  - If you do not have PDF reader, it will not download the classes
  - If the staff stops halfway through class, you will need to start at beginning when resume class
  - You can always call Allison Boulware at 704-426-7999 or [Allison.Boulware@southrx.com](mailto:Allison.Boulware@southrx.com) if questions.
