**Maplewood Lane*

**Peachtree Assisted*

Living

**Homeland Assisted*

Living

**Chilton Shelby Mental Health Center*

Have You Visited the SPS Website Recently? www.spsrx.net

Have you ever visited our Website? If not, there are many good reasons to take a look! We routinely update the home page with current information such as events we take part in, CEU opportunities we may provide, conferences we attend and other current information that you may find helpful. Also, the website includes a page titled "Documents and Forms" that can very helpful to you if you need a quick way to print one of our Forms. Some examples of the resources included are MAR Change Forms, Pharmacy Communication Forms, Enrollment Forms and our HIPPA Policy.

Other Links on the Home Page can quickly get you to our Software Program "Framework Link" that connects you with our Pharmacy System (Log In Required), a current Drug Index and Other Helpful Links.

Soon updates will be added to tell you about upcoming activities that Southern will be participating in that benefit the "Alzheimer's Association" in Alabama and our plans to give back to the community during the 2014 Holiday Season.

FLU SEASON - Already?

No its not actually flu season, but it will be here before you know it! We are actively working to make sure we have enough flu vaccine doses available to service all of our partner's needs.

We will send out information to you in the coming months so that you can decide how many doses you may need us to provide for your residents and clients.

Like last year, we will not be billing insurance plans for the flu vaccination and will dispense prefilled syringes at a discounted rate.

We will also be able to provide you with information about a service that can come to your location and administer the injections for you. So while you are enjoying this Summer weather, keep in mind that Fall is right around the corner and get ready to order your flu shots early!
